

Dave Prokopec

Cinematographer / Cam Operator

Cell: (412) 657-7791

dave.prokopec@gmail.com

I started Light Raider Pictures in 2013 and we've grown to shoot narrative films, music videos, commercials, and branding videos.

My fast paced work ethic and ability to solve issues on the fly, makes me a valuable asset to any demanding project. I'm extremely organized and have strong communication skills that ensure everyone involved with the project understands exactly what needs to be accomplished from pre-production to post. Having over 8 years experience with VFX and working first hand with green screen, compositing, motion tracking, and rotoscoping, my knowledge always helps post-production tremendously.
